RE: J.B. KING MINE ACT/015/002 - MODIFICATION TO RECLAMATION  
PLAN SUBMITTAL - VEGETATION STANDARD FOR ROCK MULCHED SLOPE  
OF REFUSE PILE

Dear Mr. Haddock:

I called you this date to discuss the difficulty associated with providing a vegetative standard for the proposed rock mulched refuse pile slope, as you requested in your July 19, 1994 letter. Unfortunately, you were out of the office, but I was able to reach Susan White and discuss this problem. Although we did not draw any conclusions, she was very helpful in assisting me.

It was decided that we would continue the discussion and hopefully reach a mutually agreeable resolution to this subject on Monday, August 22, when I am in your offices to try and finalize plans for the J.B. King Reclamation Plan revision.

I'm sorry that I missed you, but look forward to the opportunity of personally making your acquaintance in the near future.

Sincerely,

E.M. (Buzz) Gerick
