Dear Ms. Grubaugh-Littig:

On January 6, 1994 Western States Minerals Corporation (WSMC) received a copy of an Inspection Report made on December 2, 1993 by Ms. Susan White. All comments were read and noted, and those requiring action (fencing and gates) have been addressed.

Ms. White telephoned me personally following her December 2 inspection and told me about the two gates being down and the unauthorized vehicular intrusion across the reclaimed area. I immediately called our maintenance representative in the area (Mr. Jim Blackburn, Salina) and asked him to check all the fences, gates, and install chains and locks on the two gates to discourage future entrance. Mr. Blackburn reported back that he had accomplished my request.

I want to thank Ms. White for reinstalling the gates while she was on site and for alerting me in a timely manner.

If you have any questions concerning this response, please call me at your earliest convenience.

Very Sincerely,

E.M. (Buzz) Gerick
