Re: APPLICATION FOR PERMIT CHANGE - J.B. King Mine, ACT/015/002, Folder #2, Emery  
County, Utah

Dear Ms. Grubaugh-Littig:

Upon reviewing Permit ACT/015/002 for the J.B. King Mine, I find that a number of sections within the permit are out-of-date and would seem to me to be no longer required. Therefore, please find attached the required three copies of a completed "**APPLICATION FOR PERMIT CHANGE**" as specified for use by the Division. All of the changes proposed relate to removing some sections of the permit which relate to active mining operations -- no additions are included in this proposed revision.

The sections proposed to be removed by this revision are all in reference to active mining operations, and should be deleted from the permit for the following reasons:

- 1.) No active mining has been conducted at this site for many years.
- 2.) No active mining is planned or contemplated at this site.
- 3.) Even if active mining were to be resumed, all of the sections proposed for change would need to be completely redone anyway.
- 4.) The physical bulk of the permit is excessive, and results in confusion and delay in locating applicable sections of the permit when needed.

Upon your acceptance and approval of this revision to the permit, it can be implemented immediately. New, revised copies of the "Table of Contents" and "List of Drawings" will be provided for insertion into all permit volumes as required.

Please call me if you have any questions, or need any further information.

Sincerely,

E.M. (Buzz) Gerick  
V.P. Operations
