Re: Plan Clean-Up, Western States Minerals Corporation, J. B. King Mine,  
ACT/015/002-95C, Folder #2, Emery County, Utah

Dear Mr. Fulton:

Enclosed is a copy of Western States permit modification to clean up their plan (Amendment 95C) for the J. B. King Mine. This permit modification is not proposing any surface modification. No mining has occurred for many years at this reclaimed mine and none is planned in the future. This modification will remove mining operational sections from the permit to reduce bulk and avoid confusion.

The Division anticipates approving this permit change on January 3, 1996. If you have any questions or need additional information, please contact me or Joseph C. Helfrich, Permit Supervisor, at your earliest convenience.

Sincerely,

A handwritten signature in cursive script that reads "Susan M. White".

Susan M. White  
Sr. Reclamation Biologist
