Re: Final Approval:
Huntington Canyon #4 &
Huntington Canyon #5

Dear Dave:

Enclosed are copies of the final surety contracts for reclamation on the above mentioned mines. This completes the approval process of the mines under the Utah Mined Land Reclamation Act. The mines can now lawfully operate under this Act.

Please be advised that under the Surface Mining Control and Reclamation Act of 1977, the reclamation plan herewith approved, will be subject to some revisions to bring it in line with the new Federal Law. This Division hopes to achieve regulation responsibility from the Federal Government under the new law. We will inform you of these changes when we become familiar with the regulations and achieve authority from the Department of Interior.

Let us know if you have any questions on this approval or the new Federal Law.

Sincerely,

DIVISION OF OIL, GAS, AND MINING

RONALD W. DANIELS
COORDINATOR OF MINED
LAND DEVELOPMENT
