Re: Swisher Coal Co. Sediment Pond

Dear Ron,

Thank you for sending the information on the above mentioned project. The location and proposal have been reviewed and it is my opinion that the project will not be a threat to life or property. Therefore, approval of the project prior to construction will not be required by this office.

I do request that (1) we be informed of which alternate site is selected, (2) when construction will start, and (3) who will be supervising construction.

Sincerely,

A handwritten signature in cursive script that reads "Dee C. Hansen".
