Memo to File:

Re: Swisher Coal Company  
Huntington Canyon #4 Mine  
ACT/015/004

The Huntington Canyon #4 Mine was inspected on October 17, 1978 by members of Swisher Coal Company including Dan Guy and Dave Shaver, the U.S. Forest Service - Manti LaSal National Forest, and this division including Ron Daniels, Mike Minder, Mary Ann Wright, and Mike Thompson.

The purpose of the meeting was to consult with Mr. William H. Boley, Forest Engineer, Manti LaSal National Forest, pertaining to his concerns about the sedimentation pond location proposed by Swisher Coal Company. The proposed site and other arrangements were discussed. It was concurred that Swisher Coal Company will submit construction detail plans to both the Forest Service and this Division for approval. Mr. Guy is presently working on these plans. Every effort to expedite review of these plans should be made by all government agencies so that Swisher may obtain their badly needed lease.

K. MICHAEL THOMPSON  
ENGINEERING GEOLOGIST
