Dear Dan,

Enclosed for your information, as you requested, is a copy of the vegetation information guidelines drawn up by the Division, pursuant to proposed regulation MC-783.19. Since these guidelines have been drawn up for new mines they are not entirely applicable for the #4 mine. Guidelines for existing mines to establish reference areas will be extracted from these and sent out at a later date.

Please contact me should you have any questions.

Very truly yours,

MARY ANN WRIGHT
