Dear Mr. Feight:

Please find enclosed applications for underground coal mining permits for Beaver Creek Coal Company's Huntington Canyon No. 4 Mine, Gordon Creek No. 2 Mine, and the Gordon Creek No. 3 and No. 6 Mines near Price, Utah. Also enclosed are three checks (Atlantic Richfield Company Nos. 22398, 22399 and 22400) for filing fees required pursuant to UMC 771.25 for the application.

These documents are being submitted pursuant to the requirements of parts 771.21 and 771.23 of the State of Utah Coal Mining and Reclamation Permanent Program Regulations Pertaining to Surface Effects of Underground Coal Mining.

The applications have been prepared according to General Guidelines for Permit Application Organizational Format and Contents previously issued by the Division of Oil, Gas and Mining. In order to avoid handling difficulties we will deliver seven (7) copies of the applications directly to the U. S. Department of the Interior's Region V Office of Surface Mining in Denver, Colorado.

Please feel free to contact me at (303) 575-7548 if Beaver Creek Coal Company or ARCO Coal Company can answer any questions or provide assistance in your review of the applications.

Sincerely,

Kenneth W. Wangerud
Coordinator, Permits and Compliance
