**DIVISION OF
OIL, GAS & MINING**

Dear Mr. Smith:

Enclosed you will find surface facilities maps for the Huntington Canyon No. 4 Mine and Gordon Creek No. 2 Mine with the location of a new office trailer recently moved onto each site. Placement of the trailers required no additional changes to the existing surface facilities, other than connection of a 220-volt powerline to each site. The office trailers will serve solely as a place for the Superintendents and Foreman to take care of paperwork and hold staff meetings.

If you should have any questions concerning the trailers please feel free to call.

Sincerely,

David R. Chenoweth
Coordinator
Permits and Compliance
