Dear Mr. Wilson:

Kaiser Steel's amendments to the 1982 coal exploration plan on the south leases is approved as submitted. Enclosed is a copy of concurrence letters from the State Division of Oil, Gas, and Mining and the Bureau of Land Management, Price District. The BLM's stipulations on the original plan still apply to the new holes.

Our office has modified the "Stipulations Covering Surface Drilling Programs" with regards to plugging drill holes. A copy of the new stipulations is enclosed. These changes apply to the original program as well. Please make careful note of the changes. If you have any questions regarding the new stipulations, please contact us.

Sincerely yours,

Jackson W. Moffitt  
District Mining Supervisor
