Dear Mr. Smith:

As you discussed in telephone conversations with Dan Guy and myself, Beaver Creek Coal Company is cleaning the sedimentation ponds at the C.V. Spur Coal Processing and Loadout Plant and at the Huntington Canyon No. 4 Mine. This letter is to officially notify DOGM of our intent to dispose the waste material from the ponds in the C. V. Spur refuse disposal area and the Huntington Power Plant ash disposal area. As mentioned, both disposal sites have been previous approved by DOGM.

If you have any questions or problems with this procedure, please notify me upon your receipt of this letter.

Sincerely,

Scott M. Raymond
Environmental Coordinator
