Dear Mr. Tetting:

Kaiser Steel Corporation (KSC) sent to your office on August 25, 1983, a letter concerning our 1983 plans for exploration by drilling of four coal core holes on our South Lease coal property, Emery County, Utah.

The exploration program was not carried out because an option agreement between KSC and another company was not completed. No drilling sites, access roads, surveys, etc. were begun.

A similar letter is being sent to Mr. John Blake of the Utah Division of State Lands and Forestry.

Your timely cooperation in this matter was appreciated.

Sincerely yours,

KAISER STEEL CORPORATION
