Folder No. 2
Emery County, Utah

Dear Mr. Day:

Enclosed please find one copy of Beaver Creek Coal Company's "Underground Mining and Permit Application and Mining and Reclamation Plan" for their Huntington #4 Mine. This submittal will replace the original plan reviewed by your agency. The plan contains additional information requested by your agency and the Division in our Apparent Completeness Review sent to the operator on June 9, 1982.

The Division is currently proceeding with a formal Determination of Completeness of the plan. Please review any sections of the plan which may address your concerns. If you or your staff have further comments on the adequacy or inadequacy of the additional information, a written response within 30 days would be greatly appreciated.

If you have specific questions or comments concerning the application, please call Tom Munson of my staff.

Sincerely,
