ACT ~~INA~~/015/004, Folder #2
Emery County, Utah

Dear Mr. Smith:

Pursuant to your request of April 18, 1989, please find enclosed 6 copies of the calculations for the new diversion installed at the No. 4 Mine. As indicated in the Technical Memorandum, the diversion was installed in December, 1988, and approved by the Division in January, 1989.

The enclosed sheets are numbered and should be inserted into the M.R.P. at the designated location in Chapter 7. This submittal also includes a commitment to install additional erosion protection as required by the Division, as requested.

If you have any questions, or need any further information, please let me know.

Respectfully,

Dan W. Guy
