Mr. John W. Rains
Chief Mining Engineer
CalMat
California Portland Cement Division
695 South Rancho Avenue
Colton, California 92324-0514

Dear Mr. Rains:

Re: Final Permit Approval, California Portland Cement,
Hidden Valley Mine, INA/015/007, Folder #2 and 4,
Emery County, Utah

Enclosed is the final state permit approval for the Hidden Valley Mine. Appended to the actual permit is the Technical Analysis (TA) and supporting documentation. Please examine the TA and associated stipulations and sign both copies of the attached permit, INA/015/007, 12/86, on page 5 of that document. Please keep one signed copy of the permit for your records and return one original via Certified Return Receipt Requested to the Division at your earliest convenience.

A signed and executed performance bond in the amount of \$171,515.00 for the Hidden Valley Mine payable to the Division of Oil, Gas and Mining must be posted before the permit will become valid and enforceable.
