RE: Phase I-Bond Release Submitted December 4, 1987, Cal Mat Company, Hidden Valley Mine, INA/01/007, Emery County, Utah  
*015/007*

The Phase I bond release application for the Hidden Valley Mine was received on December 4, 1987. This application was the result of a violation written (NOV-87-20-1-1) on November 4, 1987, and terminated December 4, 1987.

This bond release application included information required under UMC 800.40(a)(2). There is one typographical error - the notice stated the permit was issued "December 12, 1987", but should be 1986, as indicated in the cover letter. The notice contains, however, all of the required information.

The "Affidavit of Publication" will be sent to the Division after the notice has been published four consecutive weeks in the "Emery County Progress" (December 1, 8, 15 & 22).

According to UMC 800.40(B)(1), it is the Division's responsibility to conduct a bond release inspection within 30 days of receipt of application, or as soon thereafter as weather conditions permit. This will need to be arranged.
