July 16, 1988

Mr. John Rains
Chief Mining Engineer
California Portland Cement Division
695 South Rancho Avenue
Colton, California 92324-0514

Dear Mr. Rains:

Re: Phase I Bond Release Approval, California Portland Cement,
Hidden Valley Mine, INA/015/007, Folder #2 and #4, Emery County,
Utah

The Phase I bond release application has been reviewed, determined complete and approved by the Division. A bond release inspection of the reclaimed site was conducted on May 24, 1988 (copy of inspection attached). As a result of this inspection, the backfilling, grading, topsoil placement, and drainage controls were determined complete. The Division concludes, therefore, that 60 percent of the bond may be released, or \$102,909, effective June 1, 1988. Bond Number 400HJ8041(A) with St. Paul Fire and Insurance Company may be reduced by a rider to \$68,606.

If you have any questions, please call Pamela Grubaugh-Littig.

Sincerely,

A handwritten signature in cursive script that reads "Lowell P. Braxton".
