RE: Hidden Valley Annual Report, CalMat Company, Hidden Valley Mine, INA/015/007, Folder #2, Emery County, Utah

Synopsis

CalMat Company submitted their Annual Report to the Division on March 29, 1988. This memo reviews this report for adequacy and completeness of information.

Analysis

The 1987 data for stream sampling was submitted with the report. The samples were taken in May and September using the correct parameters. No abnormalities were noted with the data. The report also included extension for water rights for drill holes #1, 2, 3, and 7 to March 3, 1992.

Recomendation

- 1) The data sheets must state the date and time of sampling, date and time of analysis and the sampler's name.
- 2) The operator include the appropriate copies of his water right extension for drill holes #1, 2, 3, and 7 in the mine plan.
