Mr. Lowell P. Braxton
Associate Director, Mining

Dear Mr. Braxton,

Enclosed is a Permit Revision to the 1986 Hidden Valley Mine Reclamation Plan. This Revision is submitted on behalf of CalMat Company pursuant to the Division Order and Finding of Permit Deficiency dated January 17, 1991. It is prepared as a series of replacement pages to be inserted in the original document.

Also as required by the Division, we have prepared a newspaper announcement of this permit revision which will be published in the Emery County Progress. A copy of this announcement will be forwarded to the Division upon publication.

In addition, we are expecting a formal reply from Emery County officials stating that they have no problem with the Revision specifically, and that in general, they prefer that existing roads be left open. We will forward a copy of this letter to the Division as well.

Please contact us, or Lee Edmonson at CalMat, if you have any questions.

Sincerely,

Karla Knoop
Hydrologist
