Re: Ivie Creek, Hidden Valley Project  
1992 Stream Monitoring Work

Dear Mr. Braxton:

Enclosed are the results of the May 1992 stream monitoring work for Ivie Creek at the Hidden Valley Project in Emery County, Utah.

Sample and field measurements were taken on May 12, 1992. Both the field results, including work sheets, and the laboratory results are included here. Site #1 is the upstream monitoring site and is located on the west side of the property. Site #2, the downstream monitoring site, is located just to the east of the property line.

Please contact me if you have any questions regarding this matter.

Sincerely,

Hidden Valley Coal Company
