Dear Mr. Edmonson:

Re: Review of Response to Division Order DO-92A, Hidden Valley Coal Company, Hidden Valley Mine, ACT/015/007-DO-92A, Folder #2, Emery County, Utah

Information received June 22, 1992 regarding the Division Order partially met the requirements of the Division Order but is still deficient. The variance document, dated May 2, 1980, can be inserted in the reclamation plan on page 64, as instructed in the letter, and Plate III has been revised to show the Stream Buffer Zone.

However, as requested in the Division Order, the applicant has not "documented what has been done to meet the stipulations of that (the Stream Variance) approval". The letter stated that "these stipulations were satisfied by the reclamation plan...as approved on December 12, 1986". Please indicate the citation in the reclamation plan (narrative and/or maps) which document how the stipulations have been met.

Please submit the above-requested information by July 27, 1992.

Sincerely,

A handwritten signature in cursive script, reading "Pamela Grubaugh-Littig".
