SUBJECT: Hidden Valley Coal Company - Revised Map

Dear Mr. Haddock:

On behalf of Hidden Valley Coal Company, JBR Consultants Group has made revisions to the Final Reclamation map (Plate III) in the Hidden Valley Reclamation Plan. The revisions were requested by the DOGM inspector, Mr. Bill Malencik. The boundary of the disturbed area, the stream buffer zone, and the location of stream buffer zone signs have been added to the map. These changes were made to accurately depict the disturbance boundary as identified by the recently installed perimeter/buffer zone markers. Eight copies of the map are attached.

The revised plan amendment addressing the recent erosion control work on the road fill will be sent under separate cover.

If you have further questions, please contact me at JBR (801-637-5565) or Lee Edmonson at CalMat (602-254-8465).

Sincerely,

*Karla Knoop*
