RE: PRICE FIELD OFFICE/MINING AND RECLAMATION PLANS

This has reference to Mining and Reclamation Plan reviews. All the Mining and Reclamation Plans on mines assigned to me have undergone a Mining and Reclamation Plan review with exceptions noted below. This was done to assure that the Mining and Reclamation Plans are current.

The only review remaining is Cottonwood/Wilberg and Trail Mountain. Also, the Hidden Valley Mining and Reclamation Plan is not current. A side by side review was completed on Hidden Valley in December 1994. Several amendments submitted by the permittee are undergoing follow-up action by the undersigned to determine if all submitted amendments have been approved. This is being coordinated with Mr. Haddock.
