Dear Mrs. Grubaugh-Littig:

Please consider a Major Coal Exploration Permit (MEP) per R645-200-123. We are re-submitting three (3) sealed copies of the MEP application. A fourth sealed copy of the application has been forwarded to your Price field office. This re-submittal has included your staffs deficiencies as well as the soils, vegetation and wildlife data. Two copies of the archeology report were previously submitted with the original package on March 27, 2006 and should be in the Confidential file.

A cd rom will be forwarded to your office in early September with the entire application in pdf format.

If you have any questions concerning this information, please call me at (618) 625-6850.

Sincerely,

John Geffert
