Hello Steve,

We received the above-noted applications on 1/6/14. The IR has been completed and the team assigned for the technical review due 2/19/14.

The companies for Consolidation Coal are "locked" companies in the AVS System. In other words, I can't make changes or updates to the these companies. I forwarded the information that was submitted to us via email to Linda Keene at OSM last week and she is working with Kerry Goodballet directly to update the ownership and control in the AVS system.

Also, both applications contain the proposed public notice for permit transfer. Once approved, a one time publication is all that is required followed by the 30 day comment period.

Thanks!
