Re: OSM Assessments  
Trail Mountain Coal

Dear Mike,

I appreciate the desire you expressed yesterday in our telephone conversation to help us reduce the amount and the gravity of the violations issued by the Office of Surface Mining in their June inspection. If it is possible for you to testify at the Assessment Conference it might be advisable for you to meet with Mr. Howard Tuttle of Johansen and Tuttle Engineering Inc. and myself several days before the conference. Enclosed is a copy of the conference date, time and place. If it won't be possible for you to appear in person any suggestions or advice that you wish to give would be appreciated very much.

Your cooperation is appreciated very much and I thank you.

Sincerely yours,

Dan Hanna  
Safety Director

*I hope that this letter gets to you in time. if not it's good but you are on our own.*
