RE: Trail Mountain Mine
Emery County, Utah
ACT/015/009

Dear Mr. Mills:

Enclosed is a copy of a recent transmittal from the Office of Surface Mining to the Division concerning the proposed sediment control facilities at the Trail Mountain Mine.

The U.S. Office of Surface Mining is apparently in agreement with the Division's opinion that the proposed facilities not be built, at this time, and that the existing facilities be upgraded until a decision is made concerning Utah Power and Light's proposed Cottonwood Portal plans.

If you have any questions please call.

Sincerely,

K. MICHAEL THOMPSON
ENGINEERING GEOLOGIST
