Dear Mr. Mills:

In response to the point listed in the last paragraph of your letter of February 28, 1979 to this Division, regarding your qualifying as a certified registered engineer in the State of Utah, the enclosed memo from Denise A. Dragoo to Ron Daniels should answer your questions.

I suggest that you continue to pursue the recommendation of your qualifications as a P.E. in the State of Utah and at the same time, seek a registered P.E. in the state who will approve of and stamp your work in designing sedimentation pond dams and waste impoundments.

Please contact this office if you have any questions.

Sincerely,

RONALD W. DANIELS  
COORDINATOR OF MINED  
LAND DEVELOPMENT
