Re: Trail Mountain Coal Mine
Emery County, Utah
ACT/015/009

Dear Mr. Mills:

Members of the Division staff performed an inspection of the Trail Mountain Coal Mine on February 16, 1979. At that time they contacted Mr. Harold Mosley of your company.

A memorandum concerning the inspection that points out violations of the interim program regulations in enclosed for your reference. Page 4 of the enclosed memo to file sets forth the corrective measures which must be completed by Fetterolf to achieve compliance. The Division hereby sets a deadline of 60 days from your receipt of this letter for bringing the mine into compliance with the interim program regulations and to finalize the Mining and Reclamation Plan.

If the deadline is not met a hearing will be scheduled with the Board of Oil, Gas, and Mining for the purpose of Fetterolf to show cause why revocation of the interim mining permit should not be done by the Board.

If you wish to contest the Division's decision on any point we are willing to meet with you about the matter. You may also petition the Board for a hearing if you disagree with the Division pursuant to Section 40-8-8 of the Utah Mined Land Reclamation Act.

The Division staff is available to provide limited assistance to you in preparing your plans. If you have any questions please feel free to call.

Sincerely,

RONALD W. DANIELS
