Dear Mr. Mills:

The Division staff has reviewed your September 17, 1980 letter concerning the Division Directive of July 31, 1980. The Division staff feels that the information submitted pursuant to Directives #1 and #3 are acceptable and will check compliance during future inspections of the mine site.

A meeting to discuss Directive #2 is proposed by the Division to be held at the Trail Mountain Mine site on October 22, 1980. At such time, the Division will attempt to have present members from all interested agencies so that discussion can be held regarding the concerns of each agency involved. If such a time is acceptable to the members of The Fetterolf Group and the representatives of Trail Mountain Coal Company regarding this meeting, please so inform the Division.

If any questions should arise, please do not hesitate to call myself or Tom Suchoski of my staff.

Sincerely,

JAMES W. SMITH, JR.
