RE: Natomas Trail Mountain Coal Company

Dear Mr. Smith:

Enclosed are six (6) copies of the insertion and replacement materials, which we discussed 14 October, 1981, for the Natomas Trail Mountain Coal Company's Trail Mountain Mine application. Seven (7) copies of these materials are being sent to the Office of Surface Mining in Denver.

The materials include the proof of publication from the Deseret News and Salt Lake Tribune. This is to be inserted in Chapter II of Volume One. Also included are replacement pages in the Table of Contents and List of Figures and Tables for Chapter VII, Volume Two. Also in Chapter VII there are replacement pages for 7-50 and 7-69. The insert pages deal with the sedimentation control facilities and calculations.

I hope this is helpful to you. If any questions arise, please call.

Sincerely,

Thomas J. Suchoski
Hydrologist
