Salt Lake City, Utah 84114

Attention: Dave Loft

Dear Dave,

On the last inspection of Trail Mountain Mine, I was not available to make the inspection rounds with you. During that inspection, blasting records were not made available for your inspection. Records of blasting activities have been kept at the mine site on all blasting occurrences.

Enclosed is a copy of the blasting records kept on the culvert extension blasting.

Sincerely,

Allen Childs / Chief Engineer

Enclosure

cc: Joe Fielder
