ACT/015/009  
Folder Nos. 4 and 7  
Emery County, Utah

Dear Allen:

In response to your September 23, 1983 letter, the Division hereby grants approval of the borrow site located north of the bathhouse if the following stipulations are adhered to:

1. Drainage control plans are submitted that show how disturbed area runoff and undisturbed area runoff will be controlled to prevent mixing (include flow direction and structures on a map and sizing calculations).
2. Submit plans showing how slopes will be stabilized.
3. Submit reclamation plan for the area and the type of seed mix that will be utilized.

I am sorry for the delay in responding to your letter. If you have any questions, please contact me.

Sincerely,

DAVID W. DARBY
