RE: Relocation of Powerline
Trail Mountain Mine
ACT/015/009
Folder No. 3
Emery County, Utah

Dear Mr. Klein:

Enclosed please find one copy of a letter from Natomas Trail Mountain Coal Company outlining their plans for the relocation of a portion of the powerline which supplies their Trail Mountain Mine.

The relocation will not disturb any new area, and will not affect drainage control on the previously disturbed area which it will cross. Poles will be designed to provide raptor protection.

The Division has reviewed the plan and found it acceptable. Approval has been granted to Natomas for the relocation.

If you or your staff have any questions regarding the relocation plan, please feel free to call.

Sincerely,

STEVEN COX
