4241 State Office Building  
Salt Lake City, Utah 84114

Dear Jim;

I am writing in response to UMC 817-46 (t) which references the inspection of sediment ponds.

Currently Trail Mountain Coal Company is conducting weekly inspections of the sediment pond on our permit property. The sediment pond on our property does not meet the criteria of 30 CFR 77.216 (a). Therefore, Trail Mountain Coal Company would, at this time, like to formally request of the Utah Division of Oil, Gas and Mining to be granted a variance from weekly inspections to a quarterly inspection of said sediment pond.

If you need further information or have any questions, please feel free to contact me at 748-2140.

Sincerely;

Allen Childs  
Engineer
