RE: MRP Addendum, Diamond Shamrock Coal Unit, Trail Mountain Mine,
ACT/015/009, Folder No. 2, Carbon County, Utah

In Reply Refer To: Case No. G828

Dear Mr. Smith:

The Utah Preservation Office has received a copy of the MRP Addendum for the Diamond Shamrock Coal Unit, Trail Mountain Mine, Carbon County, Utah. After review of the Addendum, it is noted that a chapter is referenced as containing the cultural resource reports. After a careful review of the four volumes provided, our office finds the chapter missing. If you could check into whether or not that was ever put into the copy, or whether the original report that was included in the mine plan was adequate, and not sent for review, our office would appreciate it.

If there is need for further review of cultural resources, we will be glad to rush that through for you. Thank you for your consideration.

Since no formal consultation request concerning eligibility, effect or mitigation as outlined by 36 CFR 800 was indicated by you, this letter represents a response for information concerning location of cultural resources. If you have any questions or concerns, please contact me at 533-7039.

Sincerely,

James L. Dykman
Cultural Resource Advisor
