Dear Dr. Nielson:

The Office of Surface Mining Western Technical Center (OSM) has received the September 20, 1985, Diamond Shamrock Coal Company submittal of an amendment to the approved mine reclamation plan of Utah permit No. ACT/015/009, #3 and #4 for the Trail Mountain mine. OSM reviewed this submittal and has determined that it does not constitute a modification to the approved mining plan under 30 CFR 746.18. Based on the review of the submittal, OSM concurs with the Division of Oil, Gas & Mining's (DOGM's) decision to approve the submittal as indicated in DOGM's letter dated October 22, 1985, and the Federal permit #UT-0017, dated December 11, 1985, is revised accordingly.

If you have any questions, please contact Richard Holbrook at (303) 844-2896.

Sincerely,

Mel Shilling
