

October 10, 1985

TO: Coal File, Inspection and Enforcement Folder
FROM: Sandy Pruitt, Mining Field Specialist *SP*
RE: Trail Mountain Mine, Trail Mountain Coal Company,
ACT/015/009, Folder #7, Emery County, Utah

The Trail Mountain Mine was visited by Sandy Pruitt at 4:00 p.m., October 8, 1985. Upon access to the mine site and during the brief visit, about six coal haul trucks were observed leaving the mine site. Prior to this inspection, Trail Mountain Coal Company had begun construction of a curb and gutter along the perimeter of the mine yard. This will replace the half-round culvert and ditch, which has required excessive maintenance for adequate drainage control.

This inspector failed to check on the progress of the abatement of NOV #N85-2-14-1, requiring the installation of a trash rack at the bypass culvert inlet.
