Memorandum

To: Senior Project Manager for Utah, OSM, Denver  
From: District Manager, Moab  
Subject: Trail Mountain Mining and Reclamation Plan (MRP)  
Tract 2 Revision (UT-0017)

On April 15, 1987, we received maps and pages transmitted with your cover letter dated April 8, 1987, and identified as "03/27/87 UTDOGM Transmittal of Final Updated Plans for Tract 2 Lease Addition" for the subject mine plan. The memorandum asks for our analysis, recommendations and/or concurrence within the scope of our agency's regulations.

The items were reviewed and are compatible with the regulations for coal recovery and protection. BLM's recommendation for approval of the resource recovery and protection plan (R2P2) for Tract 2 remains as stated in our letter of May 19, 1986. We have no concerns with regards to post-mining land uses as the mining tract is entirely inside the Manti-LaSal National Forest.

Within the limits of our authority, we recommend approval of the subject plan.
