RE: Review of Recompiled Mine Plan, Beaver Creek Coal  
Company, Trail Mountain #9 Mine, ACT/015/009, Folder  
No. 2, Emery County, Utah

Beaver Creek Coal Company recently submitted a recompiled mine plan for the Trail Mountain #9 Mine. This new three-volume plan superceded the Tract 1 and Tract 2 plans. Before we can finalize the mid-term, the new three-volume plan must be checked to assure it contains the up-to-date approved portions of the Tract 1 and Tract 2 plans.

Attached is a chapter-by-chapter assignment to check the re-compiled mine plan. Please complete checking of your assigned chapters by April 22, 1988. Any discrepancies should be enumerated in a Technical Memo to me. Thank you.
