RE: New Underground Water Monitoring Station
Trail Mountain No.9 Mine
ACT/015/009-88C;#2
Emery County, Utah

Dear Mr. Whitehead:

Enclosed are 2 copies of revised pages and maps for the Trail Canyon No.9 Mine plan, per your request. These reflect the change in location of the underground water monitoring station as proposed in our letter of 10/7/88.

The amended page should replace the corresponding page in Appendix 7-1, and Figure 7-9 should replace the corresponding figure in the M.R.P. A new map, Figure 7-9A should be added to the plan. This map shows the location of the new monitoring station, UG-2, on the mine map.

These updated pages and maps have been inserted in the additional 4 copies of the mine plan, which are also provided at your request.

If you need any further information, please let me know.

Respectfully,

Dan W. Guy
Manager Permitting/Compliance
