RE: New Coal Handling/Loadout Facility, Beaver Creek Coal Company, Trail Mountain #9 Mine, ACT/015/009-90F, Folder #2, Emery County, Utah

Synopsis

A proposal to install a new coal handling/loadout facility was received on October 15, 1990. This memo reviews this request.

Analysis

No effects to surface water drainage controls will be realized and the new loadout system will benefit coal handling and potential windblown coal fine problems.

Recommendation

This amendment be approved.
