Re: Trail Mountain Lease Permit
Trail Mountain Mine
ACT/015/009
Emery County, Utah

Dear Dr. Nielson:

I would like to express my appreciation to you and your staff for all the time and effort put in to help us obtain the Mining Permit for the Trail Mountain Lease. A special thanks should go to Pamela Grubaugh-Littig for her leadership, organization and true sense of concern during the permitting process. I'm told by Dan Guy that she and her staff were all extremely helpful and cooperative throughout the review - even when other agencies were complicating the issues - and I would like for them to know they are appreciated.

All too often, companies and regulatory agencies are at odds with one another, particularly when time constraints become as critical as they were on this permit. It's refreshing to find not only the level of professionalism and cooperation exhibited by the Division, but also a sense of working together to "get the job done". The job did get done, and the timing was such that we can now enter the new lease without major alterations to our mine plan or interruption of our operations.
