Mr. James W. Carter, Director  
Division of Oil, Gas and Mining  
3 Triad Center, Suite 350  
355 West North Temple  
Salt Lake City, Utah 84180-1203

Dear James:

The Division of Wildlife Resources (DWR) has received information from your office regarding the completion of the revision plan for PacifiCorp's proposal to drill seven holes within the permit area of the Trail Mountain Mine (ACT/015/009). We appreciate being kept informed of the progress of this project.

The DWR provided comments regarding this drilling project to the Ferron Ranger District of the Manti-LaSal National Forest on May 7, 1993. A copy of this response was sent to your office in order to inform you of the issues and recommendations we had developed as we reviewed this project. We feel these comments adequately outlined the potential impacts of this activity on wildlife, as well as suggesting potential mitigation measures. We do not anticipate the need for additional comment with regard to this permit application.

We appreciate the opportunity to review this action. If you have any questions, please contact Ken Phippen, Regional Habitat Manager (637-3310).

Sincerely,

Timothy H. Provan  
Director
