**RE: Decision Path for Issues Relative to the Trail Mountain Mine Per Meeting Held on April 5, 1993 at PacifiCorp's Huntington Field Office**

Dear Dale:

Enclosed is a copy of the decision path created as a result of our meeting on April 5, 1993. With the many issues that we're dealing with, this chart was created to provide an understanding to all concerned parties of the issues and steps required to facilitate acquisition of the underground right-of-way and amend mine permits.

Hopefully, this will be of assistance to everyone.

Should you have any questions, please feel free to call me at 220-4612.

Sincerely,

Scott M. Child  
Property Management Administrator
