RE: Status of 1994 Trail Mountain Drilling, Significant Permit Revision, PacifiCorp, Trail Mountain Mine, ACT/015/009-93I, Folder #2, Emery County, Utah

The Division received the application for the 1994 Trail Mountain drilling from PacifiCorp, on December 13, 1993 which proposed to disturb an additional 9.58 acres within the Trail Mountain Mine permit area. The currently disturbed acreage for the Trail Mountain Mine is 24.78 acres. Therefore, this proposal is considered a significant permit revision, as required by R645-303-224.100, because there is an increase of greater than 15 percent, or 38.6%.
