

Road Department

TEMPORARY PERMIT

Permit #199535

Application having been made by Energy West Mining Company through Val Payne, its authorized agent, with fees and bond being waived in lieu of a letter of responsibility, and the Application having been reviewed and accepted, permission is hereby granted Applicant to proceed with temporary parking on the east shoulder from just below the old cabin site to just below the diesel portal access of Cottonwood Canyon Road #506 from December 1, 1995 to February 1, 1996.

Stipulations:

1. The temporary designated east road shoulder parallel parking zone shall be identified to begin at a point below the old cabin site approximately across the street from the south tipple/yard gate thence northward along said east shoulder past the tube conveyor bent structure ending approximately 120' south of the diesel portal access and crossing where parked vehicles can be reasonably accommodated.
2. No vehicle parking will be allowed at any point situated along the west road edges of the mine property fence and barricade boundary, except for necessary temporary construction activities which shall be adequately signed per MUTCD Regulations. Thru traffic shall not be prohibited nor unreasonably detained.
3. Vehicles utilizing the designated temporary zone (east shoulder) shall park completely off the asphalt surface and not obstruct the borrow ditch.
4. Emery County shall not be responsible for shoulder irregularities or steepness but allows reasonable accommodation per existing conditions except as may be otherwise reasonably improved by Energy West subject to approval by the Road Supervisor or County Engineer. Permission being hereby granted to Energy West to improve shoulder quality and consistency at their expense by incorporating gravel permanently onto existing shoulders, should it so be desired, provided that all workmanship shall be professional and consistent with current road building practice as directed by the County Engineer or Road Supervisor.
5. Because vehicles will be parked on a slope any litter or trash generated from user vehicles shall be monitored and cleaned up weekly.
6. Emery County forewarns Energy West that snow removal processes may cause significant inconvenience to parked vehicles utilizing the temporary parking zone and will not be responsible for same in the performance of its duties.

DATED this 1st day of December, 1995.
