Dear Mr. Semborski:

Subject: PacifiCorp, Trail Mountain Mine Outfall 002, UPDES Permit No. UTG040003

I have reviewed the Energy West Mining Company drawing TMS-1720-D for the Trail Mountain Mine 8" discharge line. The mine water treatment system is not proposed to be changed and the changed discharge to the culvert is connected to a culvert system which discharges adjacent the previous discharge location at Cottonwood Creek. Therefore, no further approval from this office is required for this minor change.

When the UPDES permit application is submitted for the renewal next spring, the new latitude and longitude must be included.

If you have any questions concerning this letter, please contact me at (801) 538-6075.

Sincerely,

Steven R. McNeal, Environmental Engineer
Permits & Compliance Section
