RE: Batch Processing on Four Amendments, PacifiCorp, Trail Mountain Mine, ACT/015/009-96C, -96D, -96E, & -96F, Folder #3, Emery County, Utah

Dear Mr. Semborski:

The Trail Mountain Mine submitted, in rapid succession, four amendment applications. Each amendment was approved in a separate action. Each amendment required an updated Surface Facilities Map.

In the interest of streamlining paperwork on the four amendments, you were authorized to update the map when the last project was completed. The non-coal waste amendment, 96F, was the last project completed.

Enclosed is an updated certified map that has been approved effective February 4, 1997, and has affixed thereto the "incorporated" stamp. Please file the map in your Trail Mountain Mining and Reclamation Plan.

Sincerely,

Wm. J. Malencik
Reclamation Specialist
